EXCURSION**

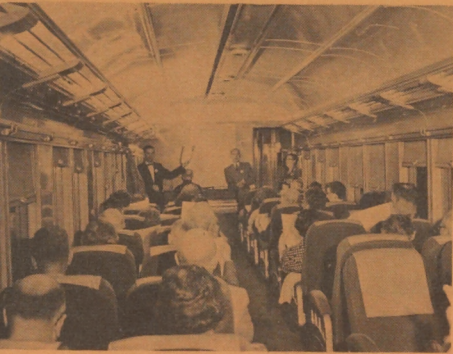

# The Most Wonderful Days You've Ever Lived!

This is a tour you'll talk about for the rest of your life. You'll share it with scores of interesting new-found friends who will take this great adventure trip with you. You'll come away with wonderful memories—captured on films, snapshots and colour slides (if you're a camera fan).

Exciting stop-overs: at Melfort, Tisdale and Hudson Bay as well as at Flin Flon and Thompson where copper, zinc, gold, silver, cadmium and selenium are mined . . . The Pas, oldest settlement in Manitoba . . . and finally Churchill on the shore of Hudson Bay, from where the Hudson's Bay Company shipped its first cargo to Europe in 1689. You'll see the relics of the Old World and native culture. Surely, it will be like turning back the pages of history—reliving the times of three hundred years ago—in modern comfort. Make your plans now!

**FUN ENROUTE . . .** Sing-songs, games, movies, souvenirs, favors and refreshments are provided for the passengers through the courtesy of various businesses and the Hudson Bay Route Association.

Bus tours at Melfort, Tisdale, Hudson Bay, The Pas, Flin Flon, Thompson and Churchill.

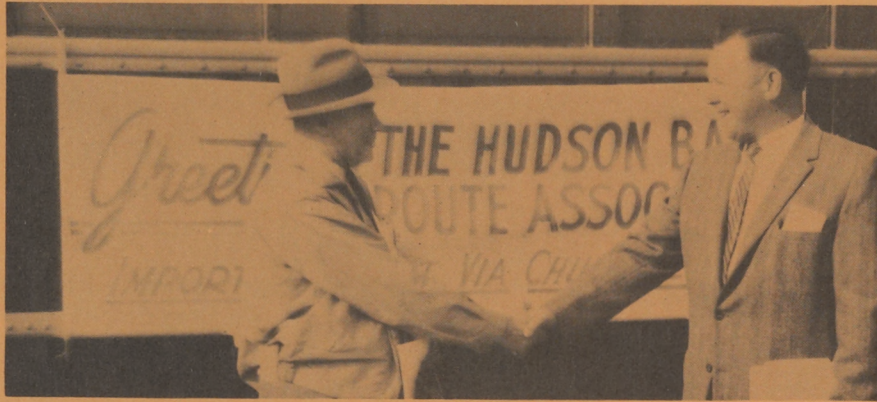

Boat trip to the old stone Fort "Prince of Wales" (weather permitting).

# See the Ships that Ply the Hudson Bay Route to Europe!

# Go on Board the Ocean Freighters!

Bob Marshall of the Churchill Chamber of Commerce welcomes Jim Gray, Secretary of the Hudson Bay Route Association on the arrival of the excursion.

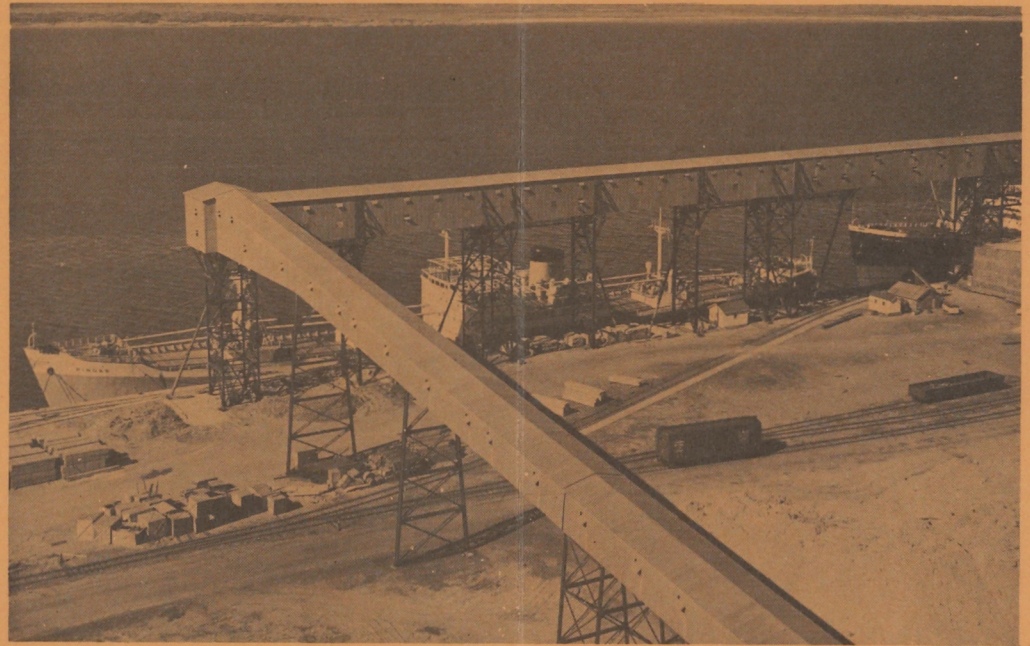

You'll receive a Royal Welcome at Churchill when your train arrives! Then will begin an adventure you've never quite experienced before. People who have made the excursion before have been most enthusiastic. A government minister said, "I would not have missed it for the world." . . . a farm woman said, "I have looked forward to going on this trip for some time but I never thought it would be so wonderful." . . . a medical doctor said, "We were amazed at the development that has taken place." . . . an HBRA official said, "I never enjoyed anything so much since I came to Canada many years ago." . . . a business man said, "It has stimulated our ambition

to work harder for the greater advancement of this northern port." . . . a travel agent said, "I think this was the best excursion I was ever on."

## Camera Fans:

Wonderful opportunities for colour slides and colour movies. Stop-overs at right time of day for good picture-taking.

## Visit Fort Prince of Wales—Completed in 1771!

ABOVE—You'll be welcome aboard these ocean-going freighters which bring goods from Europe for the Prairies and take back our grain, minerals and manufactured products.

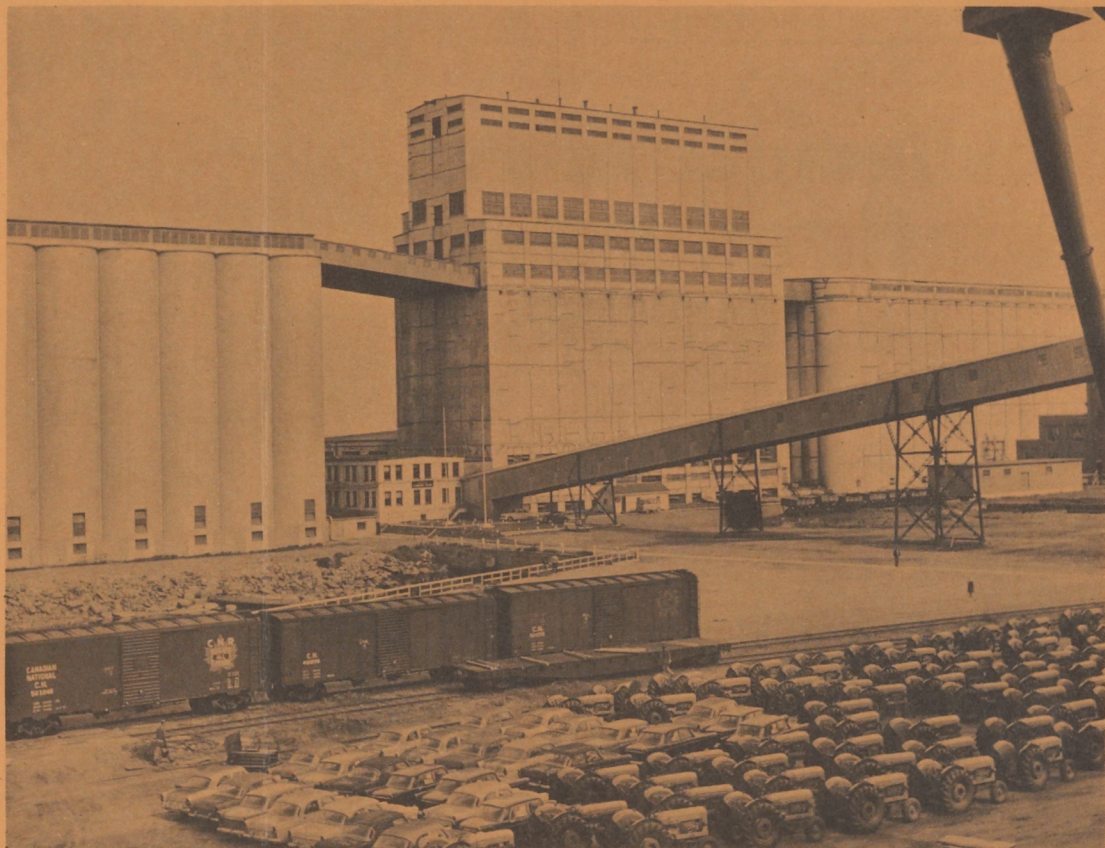

LEFT—Old cannon at Prince of Wales' Fort still stands. Walls sixteen feet high and eight feet thick were built back in 1731-1771.

ABOVE—White whales which come in with each tide.

# Tour the 5,000,000 Bushel Grain Elevators !

**ABOVE — Impressive —**  
this 5,000,000 bushel  
grain elevator will leave  
you breathless . . . spa-  
cious storage areas for  
heavy machinery import-  
ed from Europe.

## *Be Sure to Take . . .*

. . . proper clothes. Remember: Dress for this tour  
is **INFORMAL**. Light summer clothing is fine, but  
be sure to bring a pair of stout shoes and a rain-  
coat as well as a windbreaker or warm coat (the  
breeze off the Bay can be chilly at times) . . .
